Zoning Administrator Report

A cabin on Bogardus is to be demolished by the Village for safety reasons. The owner has a specified time to raise any objections. If the owner fails to respond, then the building will be demolished at Village expense and the cost will be applied to it's taxes. If the taxes are not paid, Emmet County will take possession of the property and pay the taxes owed to the village.

There are two places where people are living in campers parked inside pole barns with no utilities. Zoning administrator has approached the residences and informed them they need to find other places to live.
