Zoning Administrator Report

No new permits issued

New Business

Dennis Morse requested approval to place an annex to his antique shop on the corner of U.S. 31 and Bogardus. The Commission did a review and approved the annex.

Jim Bolter requested the Planning and Zoning Commission to reconsider the restriction for live stock in the Scenic Resource Zone which allows Farm and Agricultural operations, specifically poultry.

The Commission was agreeable to the recommendation but tabled the topic to allow time to review what kinds of live stock should be allowed and allow time for the Village attorney to review the recommendation.
